CUTTER KNIVES

Miles has been instrumental in enhancing the productivity of businesses with its diverse range of quality tools comprising Staplers & Tackers, Hammer Tackers, Pneumatic Tackers, Staple Remover, Staples, Industrial Staples, Stitching Wire, Tape Tool, Cutter Knives & Blades. Our tools are powered by the latest technological innovation. So far, we have been the preferred name for professionals and DIY's. No wonder, when it comes to efficiency, one name that comes to mind is "Miles".

About KGOC

For more than six decades, we have been helping the world to organise businesses and assisting people to bring out their creative best with innovative and high precision products that help to 'Join, Fix or Cut' through our brands - Kangaro, Miles, Munix, Kohe and Kaymo. We are one of the largest manufacturers and suppliers of high quality Staplers, Staples, Staple Removers, Paper Punches, Tape Dispensers, Gun Tackers, Tape Tool, Cutter Knives & Blades, Industrial Staples, Binder Clips, Stitching Wire, Scissors, Knives & Kitchen Essentials, Pneumatic Tools, Air Compressors, Fittings & Accessories etc. KGOC brand identity symbolises the unification that signifies flexibility and limitless possibilities to create a new future.

About Miles

Miles - a KGOC Brand whose portfolio largely comprises of professional range of Staplers/Tackers, Pneumatic Tools, Tape Tool, Cutter Knives & Blades, Staples, Industrial Staples / Nails & Staple Remover comes to you with exacting standards in quality, design and ergonomics. It has always been our endeavour to bring to the market innovative and cutting-edge products that add to efficiency and productivity of users. For the same credit goes to our development centre which helps us stay ahead of the curve by developing solutions that are ground-breaking, both in terms of utility, as well as design.

Infrastructure

KGOC has seven state-of-the-art manufacturing facilities, which possess high quality machinery for precision engineering. All units are vertically integrated, wherein all manufacturing operations are performed in-house, right from manufacturing of the smallest parts such as spring, rivet etc. to complex multi-part components.

Development Centre & Tool Room

KGOC has a well equipped Research and Development (R&D) Centre and an ultra modern Tool Room having all the latest facilities. R&D centre, along with its over 200 quality engineers provides the innovation and design breakthroughs that not only simplify life but also compliment the uncompromising quality benchmarks that we have set for ourselves. There are CAD/CAM/CAE set ups which manufacture using the softwares. CNC wire cuts, CNC EDM machines, CNC Milling Machines and other such machinery and equipment develop quality Tools, Jigs and Fixtures which enable KGOC to manufacture the required international quality end products.

Quality Policy

'Quality Culture' runs into every segment of KGOC's working supported by a team of more than 4000 highly qualified professionals, engineers, technocrats and dedicated workers, whose devotion and dedication has become a cornerstone of KGOC's success. "We believe that quality is the life line of every business and is committed to satisfying its customers by manufacturing and supplying its products to their entire satisfaction first time and every time with continual up-gradation in the effectiveness of the quality management system." KGOC has its own NABL accredited centralized laboratory for testing in accordance with the standard ISO/IEC 17025:2017.

Mission

To be the leading manufacturer and supplier of quality products in the world.

Vision

We help people organise their ideas and their life. By enhancing their productivity and efficiency.

Environmental Policy

KGOC has a benevolent Environmental Policy which gives weightage to sustainability and green manufacturing procedures. Environmental awareness and sustainability are not mere words at KGOC. Utmost care is taken to maintain greenery on the land on which our factories are built. Our pledge to the environment is very much woven into our DNA, our philosophy and our way of life. Each one of us believes in the ideology to protect the environment and create a sustainable future. We have made huge investments in solar energy.

You will never like to miss these in your tool kit.

Delivering a wide range of cutter knives that fits every cutting need. From plastic to metal, with rubber grip, different types of locks, and lots more. Ergonomically designed handles suitable for multiple applications suiting home, office, and professional usage. Uniformly hardened blades with the double honing feature for precise cutting.

Leg Length : 6 ~ 13mm
Working Pressure : 4 ~ 7 Bar

Compact & light weight tool. Ergonomic handle with rubber grip for extra working comfort. Multidirectional exhaust cover. Long nose for better reach.

MS 80-16L

Used for:

- Frame
- Upholstery
- Furniture
- Door Trims
- Seat Making
- Beading
- Iron Boards
- Canvas etc.

Specifications

Staple Use : No. 80
Leg Length : 6 ~ 16mm
Working Pressure : 4 ~ 7 Bar

Compact & light weight tool. Ergonomic handle with rubber grip for extra working comfort. Multidirectional exhaust cover.

MS 71-16

Used for:

- Frame Assembly
- Drawer Guide
- Panels and Profile Boards
- Shoe Making
- Wooden Cases
- Brushes
- Frame
- Moulding
- Decorative etc.

Specifications

Staple Use : No. 71
Leg Length : 6 ~ 16mm
Working Pressure : 4 ~ 7 Bar

Long lasting tool with sturdy components. 3-way staples viewing slot

MS 10J-13

Used for:

- Furniture
- Frame
- Upholstery
- Beading
- Iron Boards
- Canvas etc.

Specifications

Staple Use : No. 10J
Leg Length : 6 ~ 13mm
Working Pressure : 4 ~ 7 Bar

Medium Crown

Rubber comfort grip ensures a non slip handling, reduce vibration & fatigue. Light weight & easy loading. Touch strike security system. Multidirectional exhaust cover. Pro gasket with metal inside.

MS 90-25 N

Used for:	Specifications
• Frame Assembly • Drawer Guide • Panels and Profile boards • Shoe Making • Wooden Cases • Brushes • Frame • Moulding • Decorative	- Staple Use : No. 90 - Leg Length : 12 ~ 25mm - Working Pressure : 4 ~ 7 Bar

Compact & light weight tool. Hard coat anodized aluminum loader. Multidirectional exhaust cover. Staple viewing slot. Contact trip device.

MSB 90-40N Combi

Used for:	Specifications
• Frame Assembly • Drawer Guide • Panels and Profile Boards • Shoe Making • Wooden Cases • Brushes • Frame • Moulding • Decorative etc.	- Staple Use : No. 90 - Leg Length : 16 ~ 40mm - Brad Use : F series (18 Gauge) - Leg Length : 20 ~ 50mm - Working Pressure : 4 ~ 7 Bar

Sturdy tool with very powerful driving force. Magnesium casted body for light weight. Adjustable single fire & bump fire. Multidirectional exhaust cover. Adjustable depth control dial.

MS 100-50N

Used for:	Specifications
• Sheathing • Subflooring • Roof Decking • Pallets • Crates • Box Assembly • Vinyl Siding • Frame Assembly etc.	- Staple Use : No. 100 - Leg Length : 19 ~ 50mm - Working Pressure : 5 ~ 8 Bar

Wide Crown

Solid design & good balance. Ergonomic rubber grip. Touch-strike security system. Front exhaust. Tool-less jam clearing mechanism.

MS 16WC-50

Used for:	Specifications
• Fixing corrugated Boxes to Wood • Furniture Packaging • Frame Assembly • To Fix Angle Boards to Wooden Pallets • Fixing Roofing Felt etc.	- Staple Use : No. 16WC - Leg Length : 16 ~ 50mm - Working Pressure : 5 ~ 8 Bar

Easy loading system. Integrated silencer. Optional hook for suspension. Adjustable clinching as per applications.

MCS 35-18 Pro

Used for:	Specifications
• To Close Corrugated Boxes • Cartons etc.	- Staple Use : No. 35 - Leg Length : 15 ~ 18mm - Working Pressure : 5 ~ 7 Bar

Easy loading system. Integrated silencer. Optional hook for suspension. Adjustable clinching as per applications.

MCS 35-22 Pro

Used for:	Specifications
• To Close Corrugated Boxes • Cartons etc.	- Staple Use : No. 35 - Leg Length : 18 ~ 22mm - Working Pressure : 5 ~ 7 Bar

Brad / Pin Nailers

Compact & light weight tool. Tool-less jam clearing mechanism. Multidirectional exhaust cover. Ergonomic handle with rubber grip for extra working comfort. Adjustable depth control dial. Safety contact tip.

MB 18-32

Used for:	Specifications
• Cabinet	Brad Use : F series (18 Gauge)
• Windows and Doors	Leg Length : 10 ~ 32mm
• Construction	Working Pressure : 4 ~ 7 Bar
• Wooden Cases	
• Kite Spindles	
• Paint Brushes	
• Modular Kitchen	
• Frame Assembly	
• Drawer Guide etc.	

Compact & light weight tool. Tool-less jam clearing mechanism. Multidirectional exhaust cover. Ergonomic handle with rubber grip for extra working comfort. Adjustable depth control dial. Safety contact tip.

MB 18-50

Used for:	Specifications
• Cabinet	Brad Use : F series (18 Gauge)
• Windows and Doors	Leg Length : 20 ~ 50mm
• Construction	Working Pressure : 4 ~ 7 Bar
• Wooden Cases	
• Kite Spindles	
• Paint Brushes	
• Modular Kitchen	
• Frame Assembly	
• Drawer Guide etc.	

Solid design and good balance. Tool-less jam clearing mechanism. Multidirectional exhaust cover. Adjustable depth control dial. Touch strike security system.

MB 16-64

Used for:	Specifications
• Cabinet	Brad Use : T series (16 Gauge)
• Windows and Doors	Leg Length : 19 ~ 64mm
• Construction	Working Pressure : 5 ~ 8 Bar
• Wooden Cases	
• Modular Kitchen	
• Frame Assembly	
• Drawer Guide etc.	

Compact & light weight tool. Ergonomic handle with rubber grip for extra working comfort. Multidirectional exhaust cover. Side loading anodized magazine.

MP 622

Used for:	Specifications
• Invisible Fixing	Pin Use : 23 Gauge
• Fine Beads	Leg Length : 12 ~ 22mm
• Decorative Moulding etc.	Working Pressure : 4 ~ 7 Bar

Coil Nailers

Rubber comfort grip ensures a non slip handling & reduces vibration and fatigue. High strength aluminum alloy body for a good balance & ease of handling. High impact engineered plastic magazine with adjustable bottom steel plate. Multidirectional exhaust cover. Touch strike security system. Metal guard to protect tool body.

MCN 57

Used for:	Specifications
• Decking	Coil Use : 15° wire weld
• Siding	Shank Dia : 2.1 ~ 2.3mm
• Cable Reels	Nail Head : 5.0 ~ 5.7mm
• Pallets	Nail Length : 25 ~ 57mm
• Furniture	Working Pressure : 5 ~ 7 Bar
• Fencing	
• Boxes	
• Crates	
• Crating	
• Sheathing etc.	

Rubber comfort grip ensures a non slip handling & reduces vibration and fatigue. High strength aluminum alloy body for a good balance & ease of handling. High impact engineered plastic magazine with adjustable bottom steel plate. Touch strike security system. Metal guard to protect tool body.

MCN 70

Used for:	Specifications
• Decking	Coil Use : 15° wire weld
• Siding	Shank Dia : 2.3 ~ 2.9mm
• Cable Reels	Nail Head : 5.0 ~ 7.0mm
• Pallets	Nail Length : 45 ~ 70mm
• Furniture	Working Pressure : 5 ~ 7 Bar
• Fencing	
• Boxes	
• Crates	
• Crating	
• Sheathing etc.	

New design casting for extra power. Magnesium casting for light weight. Tilt magazine for easy loading. Multidirectional exhaust cover. Touch strike security system. Metal guard to protect tool body.

MCN 90 Pro

Used for:	Specifications
• Decking	Coil Use : 15° wire weld
• Siding	Shank Dia : 2.5 ~ 3.33mm
• Cable Reels	Nail Head : 6.0 ~ 7.0mm
• Pallets	Nail Length : 50 ~ 90mm
• Furniture	Working Pressure : 5 ~ 8 Bar
• Fencing	
• Boxes	
• Crates	
• Crating	
• Sheathing etc.	

Very powerful tool, able to countersink nails into hard wood. Rubber comfort grip ensures a non slip handling & reduces vibrations & fatigue. Body in high strength aluminum alloy for a good balance & ease of handling. High impact engineered plastic magazine with adjustable bottom steel plate. Downwards directional exhaust. Built-in silencer to reduce exhaust noise level. Touch strike security system. Metal guard to protect tool body.

MCN 100

Used for:	Specifications
• Decking	Coil Use : 15° wire weld
• Siding	Shank Dia : 2.5 ~ 3.33mm
• Cable Reels	Nail Head : 6.5 ~ 7.5mm
• Pallets	Nail Length : 65 ~ 100mm
• Furniture	Working Pressure : 5 ~ 8 Bar
• Fencing	
• Boxes	
• Crates	
• Crating	
• Sheathing etc.	

Industrial Staples / Nails for all your needs.

We offer the widest range of industrial staples / nails. All meets the exact international standards & specifications. No matter which stapler or tacker you use, we have the staples for you.

Stitching wires for your packing solutions.

Our stitching wires are primarily used for corrugation industry, These are tailored to meet the exact requirement of the customers not only in terms of cost and availability but with the assurance of consistent quality.

Miles Layered Wound Flat Stitch Wire - Features

1. Layer winding of stitching wire for automatic machines for better performance
2. Uniform mechanical properties across length ensuring optimal performance of stitching heads
3. Avoid premature wear out of machine
4. Energy saver & less maintenance cost
5. The wire is more evenly wound on the coil to provide continues operation during production

Available in : Commercial grade & Rust Resistant grade
 Sizes Available : 12/25, 13/25, 14/25, 12/22, 14/22 & 15/22
 Weight of Spool : 40 Kg. & 15 Kg.

Grades of Flat Stitch Wire

This stitching wire is the most affordable and most commonly used in the corrugation industry. It is made out of mild steel wire and has electro galvanized coating of Zinc.

Commercial Grade

This stitching wire is also made out of mild steel and has electro galvanized coating of Zinc and it is better than commercial grade of stitch wire.

Rust Resistant Grade

This Wire is precision- engineered with a premium finish and higher rust resistance.

RR PLUS

NEW

This stitching wire is made out of pure stainless steel wire and is 100% rust proof. It is economical as compared to brass and copper wires.

Stainless Steel Grade

STITCH WIRE	STAINLESS STEEL	COPPER*	BRASS*
Length (mtrs. per kg.**)	119.7 mtrs.	90.4 mtrs.	105.7 mtrs.
Oxidation	✗	✓	✓
Pilferage Chances	Low	High	High
Consistent Quality	✓	✗	✗

* These variants are not available in Miles
 ** Size 13/25

Sizes available for Commercial / Rust Resistance Grade / RR Plus : 12/25, 13/25, 14/25, 17/25, 12/22, 14/22 & 15/22

Sizes available for Stainless Steel Grade : 13/25 & 14/25

Weight of Coil : 2.50 Kg., 15 Kg. (Spool) & 40 Kg. approx

Packaging : Corrugated Box - Laminated from inner side

- High corrosion resistance due to superior galvanized coating
- Uniform mechanical properties across length ensuring optimal performance of stitching head
- Avoids premature wear out of machine and reduces energy and maintenance cost
- Wire is evenly wound on coil / spool to provide continuous operation while production

Miles Round Stitch Wire - Features

Round Stitching Wires are used by printing and note book industry for binding books, leaflets, catalogues, cheque books etc. These wires are available in both forms i.e. with or without spool as per the requirement of the buyer.

Available in : Electro Galvanised Iron

This Round stitching wire is mainly for usage with low-speed stitching machines and simple binding equipment's. Mainly used in book binding and print furnishing such as note book, magazines, periodicals and pamphlets.

Round Wire 1.4 Kg Coil

This Round wire in 2KG Spool functions flawlessly in both semi-automatic & automatic machines.

Round Wire 2.0 Kg Spool

It's a unique product that allows the user to reduce the wire diameter without sacrificing strength. It is specifically designed for high speed stitching equipment.

Round Wire Jumbo Spool

Packing Options : Coil Packing, Spool Packing

Sizes available (Gauge) : 18, 20, 21, 22, 23, 24, 25, 25.5 & 26

Weight of Coil : 1.40 Kg. (Coil), 2.0 Kg. (Spool), 10 Kg. & 15 Kg. (Jumbo Spool)

Packaging : Corrugated Box - Laminated from inner side

Salient Features of Round Stitch Wire:

- Brilliant silver Finish: Delivers an exceptional shine for a professional and polished appearance
- Protection of stitching head due to proper UTS and dust free electro galvanised zinc Coating.
- Failure-free processing due to consistent mechanical properties across length.
- Superior galvanised coating to ensure rust resistance.
- Perfect Roundness to reduce machine wear and tear.
- Compatible with all manual, semi-auto as well as fully automatic stitching machines.
